## THE ILLINOIS GAMING BOARD

The Riverboat Gambling Act was enacted in February 1990, making Illinois the second State in the nation to legalize riverboat gambling. The Act established the Illinois Gaming Board (IGB or Board) and authorized it to grant up to ten casino licenses. On September 11, 1991, the first riverboat casino began operation in Alton. Currently all ten licenses are active. In 2009 the Legislature passed the Video Gaming Act, which established video gaming in Illinois under the jurisdiction of the Board. To view a copy of either Act and the Board's Adopted Rules, visit the Board's website at www.igb.state.il.us.

The Board consists of five members appointed by the Governor and confirmed by the Senate. The Board administers a regulatory and tax collection system for casino and video gambling in Illinois. The Board also has comprehensive law enforcement responsibilities associated with casino and video gambling operations in Illinois.

The Board's staff conducts audit, legal, enforcement, investigative, operational and financial analysis activities to ensure the integrity of riverboat and video gambling in Illinois as mandated by the Acts. The Board ensures the integrity of the gambling operations through the regulatory oversight and the licensing of gaming operations and personnel. The Board's staff conducts a criminal background and financial investigation of riverboat and video gaming personnel to ensure that an applicant has no felony convictions or criminal history which would make him or her ineligible for licensure.

The Board's staff includes approximately 258 agency employees, including a detail of 101 Illinois State Police employees. Individuals may not be employed by the Board if their spouse, parent or child is an official of, or has a financial interest in or a financial relationship with, any entity or individual engaged in gambling operations in Illinois.

## **RIVERBOAT GAMING IN ILLINOIS**

Each riverboat gaming operation (casino) is authorized to offer up to 1,200 gaming positions, consisting of a mix of electronic gaming devices and table games. In 1999 the Act was amended to permit all casinos to permanently moor at docksites, without conducting cruises on any waterway. Patrons must be 21 years of age to be admitted to the gambling areas of each casino. The Act requires that all wagering in the casinos be cashless. The Act imposes two taxes on casinos: Casino Admissions Tax and Casino Privilege or Wagering Tax.

Effective August 23, 2005, the Legislature set the admissions tax at \$2 per person for patrons of Jumer's Casino Rock Island. For all other casinos the admissions tax is set at \$3 per person. Revenues from the casino admissions tax are deposited into the State Gaming Fund, a special fund in the state treasury. From each admission, \$1 goes to the host community where a casino is located and the remainder is distributed from the State Gaming Fund in the same manner as revenues collected from the wagering tax (see below).

The privilege or wagering tax is collected as a percentage of receipts from gaming play. Wagering tax revenues are deposited into the State Gaming Fund. They are computed as a percentage of Adjusted Gross Receipts (AGR), defined as gross receipts less winnings paid to bettors. The majority of revenues in the State Gaming Fund are transferred to the Education Assistance Fund, a general fund which can be used for any purpose relating to public education. Five percent of the AGR from each casino is distributed to the hosting local government. Monies deposited into the State Gaming Fund are also used to fund the Gaming Board's administrative and operational expenses. The General Assembly also provided that specified percentages of the revenues from the 10th Riverboat gaming license (Rivers Casino in Des Plaines) shall be paid Horse Racing Equity Fund (15 percent total AGR and a onetime distribution of \$23 million on July 1, 2013). Also two percent of total AGR from Rivers Casino is designated to the Cook County criminal justice system. Starting on July 1, 2013 an annual transfer of \$1,600,000 from the State Gaming Fund to the Chicago State University Education Improvement Fund. Also in 2013 the Legislature amended the Riverboat Gambling Act to include a monthly transfer of \$5,530,000 from the State Gaming Fund into the School Infrastructure Fund and a one-time transfer of \$92,000,000 from the State Gaming Fund into to the School Infrastructure Fund.

Over the years the Legislature has amended the wagering tax from a flat 20 percent to a graduated rate. Effective July 1, 2005 the wagering tax is as follows:

- 15 percent of AGR up to and including \$25 million;
- 22.5 percent of the AGR in excess of \$25 million but not exceeding \$50 million;
- 27.5 percent of AGR in excess of \$50 million but not exceeding \$75 million;
- 32.5 percent of AGR in excess of \$75 million but not exceeding \$100 million;
- 37.5 percent of AGR in excess of \$100 million but not exceeding \$150 million;
- 45 percent of AGR in excess of \$150 but not exceeding \$200 million;
- 50 percent of AGR in excess of \$200 million

## CASINO SELF-EXCLUSION PROGRAM FOR PROBLEM GAMBLERS

In 2002 the Board adopted a voluntary selfexclusion program for problem gamblers. The program was created to compulsive gamblers regain control of their lives by giving those persons the ability to ban themselves from Illinois casinos. The Board maintains a confidential database that contains identifying information about each person who enrolls in the Program. information is shared with the State's casinos to ensure that those who have selfexcluded cannot cash checks or obtain credit at an Illinois casino. In addition, the State's casinos are prohibited from sending marketing material to persons listed on the Board's Self-Exclusion List.

At the time of enrollment in the program, a Self-Excluded person agrees not to enter or gamble in any casino in Illinois. A Self-Excluded person also agrees to donate all chips, tokens and vouchers in his or her possession to one of three Department of Human Services (DHS) designated agencies if they are caught returning to an Illinois casino. Those organizations include The Illinois Council on Problem Gambling, the Illinois Institute for Addiction Recovery and the Outreach Foundation for Problem and Compulsive Gamblers. By the end of 2013, persons who enrolled in the Program and subsequently returned to Illinois casinos had donated approximately \$1,428,595 gambling proceeds to the three DHS designated organizations.

## CRIMINAL ENFORCEMENT PROCEEDINGS

The Board has continued to aggressively pursue its criminal enforcement mandate. In 2013 Board agents conducted 1,090 criminal enforcement investigations and made 741 arrests.

## **VIDEO GAMING IN ILLINOIS**

The Video Gaming Act authorizes the installation of up to five licensed video gaming terminals (VGTs) in licensed establishments where liquor is served for consumption on the premises, as well as in licensed fraternal establishments, licensed veterans establishments and licensed truck stops. All licenses are issued by the IGB, and the holding of a valid liquor license does not, in itself, guarantee qualification for a video gaming license. Under the Video Gaming Act a licensed truck stop does not need to have a liquor license to participate in video gaming but must sit on at least three acres of land with a convenience store, have separate diesel islands for fueling commercial vehicles, sells over 10,000 gallons of diesel or biodiesel fuel a month and have parking spaces for commercial motor vehicles.

In order to determine how much money is wagered and won, and to ensure the integrity of video gaming, all licensed VGTs are monitored by the IGB through a Central Communications System (CCS). The CCS provides real-time communication with and control over every licensed VGT in Illinois. The CCS was constructed and is being maintained by Scientific Games International.

Income generated from VGTs is divided among the State, local government entity where the establishment is located, terminal operator, location and Scientific Games. The State receives 30 percent of the net terminal income generated from each licensed VGT. Of the state's portion, five percent goes to the local government entity. Of the remaining 70 percent, Scientific Games receives 0.7275 percent of the net terminal income as compensation for building and maintaining the CCS. The remaining income is divided equally between the terminal operator and location.

The Video Gaming Act gives local communities and counties the option to pass an ordinances to opt out of video gaming. By the end of 2013, a total of 878 communities and counties have enacted ordinances that specifically allow video gaming. The IGB knows of 195 additional communities that have a gambling prohibition in their ordinance – either specifically passed in response to the Video Gaming Act or an ordinance that was in effect prior to the Act.

#### **VIDEO GAMING 2013**

By the close of 2013, video gaming expanded to 3,271 locations throughout Illinois with a total of 13,374 actives VGTs. Video gaming in Illinois has proved to be both a regulatory and technical success as well as an important adjunct to State revenues.

The Board continues to receive and reviewed hundreds of applications for various video gaming licenses. In connection with the applications, Board investigators conducted thousands of investigations of individuals and entities. In 2013 the IGB approved new locations at an average rate of over 300 per month. New VGTs have been installed in 2013 at an average rate of nearly 1,000 per month.

## **VIDEO GAMING YEAR IN REVIEW 2013**

#### **NEW LEGISLATION**

During 2013, Governor Patrick Quinn signed into law several items of legislation that amended the provisions of the Video Gaming Act. The Board has been promptly implementing these amendments. Notably, among the changes, new legislation allows for the CCS vendor to also hold a manufacturer or distributor license; authorizes video gaming play by electronic cards or vouchers; removes the prohibition of licensed locations situated within 1,000 feet of an off-track betting facility; and amends the definition of "licensed establishment" to include establishments which operate on either a for-profit or non-profit basis.

#### **LICENSE APPLICATIONS**

The Board has conducted vigorous licensing activity during calendar year 2013, including approvals, denials, revocations, and withdrawals:

The Board also acted on several requests for administrative hearing and requests to reapply for a license within one year from the original date of denial of the license.

In addition, the Board has vigorously investigated persons with financial or institutional ties to applicants. It has initiated 6,750 investigations of Persons with Significant Influence or Control ("PSICs"), and 524 investigations on Statutorily Indentified Persons ("SIPs") and Other Interested Persons ("OIPs").

# **APPENDIX**GLOSSARY OF TERMS

#### **Adjusted Gross Receipts (AGR)**

Gross gaming receipts, less winnings paid to wagerers. Also referred to as casino win.

#### Admissions

Prior to dockside gambling in June 1999, admissions were the sum of both turnstile count and passengers remaining on board for each subsequent excursion. On June 26, 1999, dock side gambling began in Illinois. On that date the definition of admissions changed to reflect the number of patrons entering the casinos.

#### **Education Assistance Fund (EAF)**

A fund of the State of Illinois into which state-retained gaming taxes are deposited.

#### **Electronic Gaming Device (EGD)**

A video gaming machine or reel type of machine commonly referred to as a slot machine.

#### **EGD Drop**

The total face value of tokens or representations of tokens collected from the drop bucket and U.S. currency collected from the bill validator drop box.

#### **EGD Handle**

The total amount wagered on an electronic gaming device.

#### **EGD Win Percent**

The percentage of the total EGD handle that is retained as winnings by the casino. (Board rules provide that EGDs must pay out at least 80 percent and no more than 100 percent of amounts wagered in those machines. The amount remaining after these payouts is the casino win and is used to figure the actual electronic gaming device win percentage.)

#### **Gaming Positions**

Each riverboat casino is allowed up to 1,200 gaming positions. The formula developed by the Board to figure those positions are:

Electronic gaming devices — 90 percent of the total number of devices available for play

Craps — 10 positions for each craps table

Other table games – 5 positions for each table

Keno - 5 gaming positions

#### **Slot Machine**

The common phrase to describe an Electronic Gaming Device.

#### **Total Table Drop**

The total amount of cash or cash equivalents contained in the drop box for chips purchased at a table game. This does not reflect the total dollars wagered at the gaming tables. Individuals playing table games may be betting with winnings for which there is no accurate means of determining, or accounting for, actual dollars wagered.
