The Illinois Gaming Board (the “IGB” or “Board”) considered several regulatory matters during its regularly scheduled meeting today including approval of sportsbook at the Hard Rock Casino in Rockford. The casino must comply with IGB rules before sports wagering can offered in-person or online.

“The Board and staff continue their important work to implement the landmark gaming expansion law and regulate Illinois’ robust and evolving statewide gaming industry in an ethical, transparent, compliant, and efficient manner,” said IGB Administrator Marcus D. Fruchter.

The IGB also granted more than 230 new gaming licenses and related approvals and issued a license to Hard Rock Casino Rockford and a sports wagering management service provider license.

At the board meeting, the IGB:

- Granted 815 Entertainment, LLC d/b/a Hard Rock Casino Rockford a sports wagering operator license and granted Seminole Hard Rock Digital LLC licensure as a sports wagering management service provider.

Illinois is home to 13 casinos, more than 8,400 licensed video gaming establishments and nine sportsbooks. Casino gambling, video gaming and sports wagering generated more than \$1.4 billion in tax revenue to the state and local communities in calendar year 2022.

The IGB serves as the state regulatory and law enforcement agency, overseeing all licensed casino gambling, video gaming and sports wagering to ensure the integrity and safety of gambling while generating revenue for the state and gaming host communities.
